Quorum Capital Conservative Portfolio (RG2aUK)

Strategy Description

The Quorum Capital Conservative Portfolio is designed for clients seeking a lower-risk multi-asset investment approach, with an emphasis on stability, capital preservation over the medium to long term, and a smoother return profile. The portfolio aims to deliver returns above cash and government bonds over time, while accepting that capital values can still fall as well as rise. The portfolio is managed within the RG2 Conservative risk profile and has a maximum volatility threshold of 7.5%, monitored on a monthly and annual basis. It will typically hold a diversified mix of fixed income and equity assets, with asset allocation managed to remain consistent with the portfolio's risk profile.
